

Station 4 Evaluation Form

August 2023 - May 2024

General Items

Did the candidate:

1. greet the patient?
2. properly wash their hands for 20 seconds and dry them completely?
3. properly clean the forehead and chin rests on the biomicroscope?

SKILL 18, BINOCULAR INDIRECT OPHTHALMOSCOPY

Did the candidate:

4. explain the purpose of the procedure to the patient?
5. position the condensing lens properly (more convex side toward candidate)?

Did the candidate properly examine the following and obtain a clear image, filling the condensing lens as much as possible without the arcades in the view:

6. **superior** peripheral retina?
7. accurately identify the quadrant and provide an assessment of the superior peripheral retina?
8. **superior-nasal** peripheral retina?
9. accurately identify the quadrant and provide an assessment of the superior-nasal peripheral retina?
10. **nasal** peripheral retina?
11. accurately identify the quadrant and provide an assessment of the nasal peripheral retina?
12. **inferior-nasal** peripheral retina?
13. accurately identify the quadrant and provide an assessment of the inferior-nasal peripheral retina?
14. **inferior** peripheral retina?
15. accurately identify the quadrant and provide an assessment of the inferior peripheral retina?
16. **inferior-temporal** peripheral retina?
17. accurately identify the quadrant and provide an assessment of the inferior-temporal peripheral retina?
18. **temporal** peripheral retina?
19. accurately identify the quadrant and provide an assessment of the temporal peripheral retina?
20. **superior-temporal** peripheral retina?
21. accurately identify the quadrant and provide an assessment of the superior-temporal peripheral retina?

Did the candidate properly examine the following and obtain a clear image, filling the condensing lens as much as possible:

22. **posterior pole** (including optic nerve and macula)?
23. provide an assessment of the posterior pole?

Did the candidate:

24. properly instruct the patient throughout the procedure?
25. perform the procedure in a smooth and logical sequence?

SKILL 19, DILATED BIOMICROSCOPY AND NON-CONTACT FUNDUS LENS EVALUATION

Did the candidate:

26. explain the purpose of the procedure to the patient?
27. confirm eyepieces are focused?

Using the biomicroscope without the non-contact fundus lens, did the candidate:

28. properly scan the crystalline lens using a parallelepiped and/or optic section?
29. accurately describe the crystalline lens?
30. properly examine the crystalline lens using retroillumination (maximum illumination for this item only)?
31. accurately describe the crystalline lens with retroillumination?
32. properly examine the retrolental area/anterior vitreous?
33. accurately describe the retrolental area/anterior vitreous?

Using the biomicroscope with the non-contact fundus lens, did the candidate:

34. provide appropriate instructions for fixation?
35. properly position the non-contact fundus lens (alignment, centration, distance)?
36. properly examine the posterior vitreous?
37. accurately describe the posterior vitreous?
38. properly examine the optic nerve?
39. accurately describe the optic nerve (color, rim integrity, contour, peripapillary area)?
40. accurately state the horizontal C/D ratio?
41. accurately state the vertical C/D ratio?
42. properly examine the posterior pole along both the superior and inferior temporal arcades?
43. accurately identify and describe the posterior pole along both the superior and inferior temporal arcades?
44. properly examine the posterior pole along both the superior and inferior nasal arcades?
45. accurately identify and describe the posterior pole along both the superior and inferior nasal arcades?
46. properly examine both the fovea and macula?
47. accurately describe both the fovea and macula?
48. perform the procedure in a smooth and logical sequence?

General Items

Did the candidate:

49. describe to the patient the given finding (one descriptive fact) and its associated management (one management strategy)?
50. maintain proper hygiene throughout the station?

SP SCORING

Did the candidate:

51. greet you in a professional manner?
52. provide an understandable explanation for the purpose of the skills?
53. provide you with clear instructions throughout the station?
54. perform the station skills in a smooth and efficient manner?
55. maintain a professional demeanor during the timed portion?
56. maintain proper hygiene throughout the station?
57. ensure you were free from unnecessary pain/discomfort throughout the station?
